## U.S. EXPORTS OF BEEF BREEDING

### CATTLE, JANUARY-JUNE 1959

U.S. exports of beef breeding cattle (inspections for export) in January-June 1959 jumped 56 percent from the 6,039 head exported in the first half of 1958. However, the 9,471 head exported during the first half of 1959 was 23 percent less than shipments during the last half of 1958. Of the exports in January-June 1959, 54 percent were bulls and 46 percent cows and heifers.

Brahmans accounted for about 60 percent of the total exports, Hereford 21 percent, and Santa Gertrudis 8 percent. Charolaise and Aberdeen Angus were close to 3 percent each.

Leading exporting states were Texas, 45 percent; Florida, 30 percent; Arizona, 5 percent; and Kansas and Louisiana, 4 percent each.

Venezuela remains the leading market, purchasing 50 percent of the exports. Mexico continued as the second best market taking 26 percent. Canada took 9 percent.

Exports to Cuba dropped from 815 head in the first half of 1958 to only 12 head in the first half of 1959. Shipments to the Dominican Republic fell off 50 percent during that period.

Fifty-four Santa Gertrudis cattle went from Texas to Rumania---45 cows and 9 bulls. Three each of Shorthorn bulls and cows went from Ohio to the Soviet Union.
